LA REPLY REFER TO: IO - 422

MEMORANDUM FOR:

25X1

SUBJECT: Captive Nations Week

REFERENCE: No. 71, April 25, 1960

1. We are forwarding a copy of a letter passed to us by a Free Europe Committee (FEC) staff member, who received it from an associate of a U.S. labor official.

2. We note that Prof. Dobriansky is attempting to create a Committee which would operate in accordance with principles set forth in Public Law 86-90, which last year caused concern by labeling certain autonomous republics of the USSR as "captive nations".

3. FEC is not involved in Prof. Dobriansky's planning. We will, however, forward to you any further information on this which comes to our attention.
